The advisory board meets annually to provide input and guidance to the Certificate Programs. The board consists of industry specialists that review and update the curriculum with the instructors.

That’s why I began doing makeup in the first place:
I was hoping that through helping people see the beauty in themselves, I could try and find it in me.
- Kevyn Aucoin

Attendance
The Art of Makeup records the daily attendance of each student. Records are available for student review. Absenteeism for more than 15% of the total program constitutes cause for dismissal. A student who has greater than 15% absences will have his or her case reviewed by the school Director.
Developing good work ethics is an important part of the training at The Art of Makeup as it is a vital trait critical to future career success. Students arriving late for class are interrupting the instructor and other students. Tardy is defined as being late by 10 or more minutes. If a student is tardy 3 times it is equivalent to 1 absence. Tardiness will affect student grade and may also affect the ability to participate in post graduate job board activities.

Make-up Work
Students may make up days missed when space is available in future classes. Exams and critiques may be made up when class schedule permits or after class time is scheduled.

Appearance and Conduct
Please dress comfortably as you wish, keeping in mind the comfort of your classmates. Students are expected to treat instructors and each other with respect and consideration. Any student who violates policies or procedures or the spirit and purpose of the school is subject to probation and dismissal. 3 verbal and one written warning from staff could result in probation and/or dismissal. Infractions are noted in the student file.
The following conduct is unacceptable and will not be tolerated:
• All forms of bias including race, ethnicity, gender, disability, national origin, and creed as demonstrated through verbal and/or written communication and/or physical acts.
• Sexual harassment including creating a hostile environment.
• Intentional disruption or obstruction of teaching, administration, or other school activities.
• Theft or damage to the school premises or damage to the property of a member of the school community on the school premises.
• Violation of the law on school premises. This includes, but is not limited to, the use of alcoholic beverages or controlled dangerous substances.

Withdrawal
Students are encouraged to seek counsel from the school Director before making the decision to withdraw. Students must prepare a written notification and submit it to school Director. This document must contain the student’s name, address, and date. All financial obligations on the part of the school and the student will be calculated using the last recorded date of attendance.

Personal Property
The Art of Makeup will not be responsible for the loss of or damage to personal property. All materials and personal property should be labeled for identification.

Placement Assistance & Career Guidance
The Art of Makeup is a resource for ongoing collaborations with, for example, the local film, theatre, indie and fashion production communities. Students enrolled in a Certificate Program are able to participate, when available, in these experiential learning opportunities.

YOUR EXPERIENCE WITH THE ART OF MAKEUP CONTINUES AFTER GRADUATION
For up to 12 months following graduation, Certificate Program graduates are added to a private job board where paid job and non-paid or test opportunities are regularly communicated. The Art of Makeup regularly gets specific requests for student graduates to work or assist on productions. These are great environments to gain experience while building portfolios and resumes. The Art of Makeup assists with placement to ensure a quality experience and that expectations of all parties are met. In order to keep the integrity of the Job Board and client relationships, The Art of Makeup reserves the right to remove a student from the Job Board or use discretion when sharing job opportunities.

See our facebook page and website (Graduates at Work) for examples of graduate success stories.

Termination
The Art of Makeup reserves the right to terminate a student for failure or inability to conform within the general spirit, policies, and rules of the school or conduct detrimental to the reputation of the school or education of other students.
Students may be dismissed from the school for the following reasons:
• Not adhering to the school’s rules, regulations, policies, and code of conduct
• Missing more than 15 percent of instruction time
• Not meeting financial responsibilities to the school
The school Director will notify the student in writing should it become necessary to dismiss the student. The
dismissal letter will contain the date and the reason for
dismissal. It is the responsibility of the dismissed student to
notify the appropriate lending institution if the student has
a student loan or is receiving financial aid. Prepaid tuition
will be refunded according to the school’s refund policy.
A student’s financial responsibility re: tuition, fees, etc. are
described under cancellation and refund policy in the
school catalog.

Appeals
Students may appeal their termination in writing to the
school Director within one week. The Director will review
the circumstances and either reinstate the student or
confirm the termination.

Readmission
Students dismissed from the school who request re-entry
must put the request in writing to the school Director. In
cases where the student was dismissed for excessive
absences (greater than 15 percent) or financial concerns, it
may be possible to re-enter within the same school term.
The decision of the school Director is final and the student
will receive a letter within five business days stating the
decision.
Students who withdraw in good standing (financial
obligations current, issues resolved personally or with the
school) may re-enroll provided space is available.

Grievance Policy
Students who have a complaint or who would like to appeal
a dismissal must request in writing an appointment for an
interview with the school Director. The written request
should include the following information:
• Student’s full name and current address
• A statement of the concern including dates, times,
instructors, and if applicable, other students involved
• Date of complaint letter and signature of the student
• Three dates in which the student would be available for
  a meeting with the school Director. These dates should
  be within 10 business days of the complaint.
The school Director will notify the student in writing of the
appointment date in which the concerns or appeal will be
addressed. Every effort will be made to bring an amicable
closure to the concern. Should it be necessary, the class
instructor will hear the concerns and will be asked to assist
in bringing a resolution to concerns and/or appeals. The
student will be notified in writing within five business days
of the outcome of the meetings.

Should the contract be canceled by either the student or the
school the last date of attendance will be used as the date to
calculate any refund in accordance with the school’s refund
policy.
Students aggrieved by action of the school should attempt to
resolve these problems with appropriate school officials.
Should this procedure fail, students may contact:

Higher Education Coordinating Commission
Private Career Schools
255 Capitol Street NE
Salem, Oregon 97310

After consultation with the appropriate Commission staff and
if the complaint alleges a violation of Oregon Revised
Statutes 345.010 to 345.470 or standards of Oregon
Administrative Rules 581-045-0001 through 581-045-0210,
the Commission will begin the complaint investigation
process as defined in OAR 581-045-0023 Appeals and
Complaints.

model to practice on. Please notify us asap if this is the case
as it is important to plan ahead so classes run smoothly. The
Art of Makeup has referrals for models to hire if needed.

Some of the categories evaluated may include Foundation skin tone matching; Foundation application; Corrective techniques; Hygiene and sanitation; Organization and presentation.
A test may be administered after the end of each course to determine the amount of learning that has taken place.
